Klio-Eterna

Est. 1900

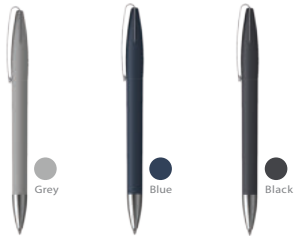

Quality and precision from the Black Forest

For more than 120 years, the Klio-Eterna® brand has stood for quality and precision "Made in Germany".

In addition to functionality and design, our writing instruments impress with their variety of colours and component combinations as well as appealing personalisation options.

Printed with your logo, Klio-Eterna® writing instruments are the perfect advertising medium for cross-company corporate communication.

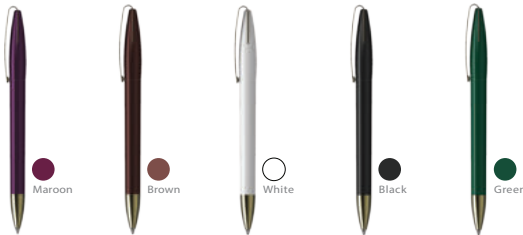

Code :HK346 41070

Printing Technique : Pad Printing, Screen Printing, UV Printing, Laser Marking

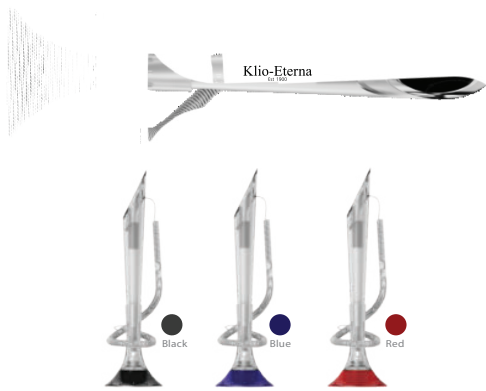

A twist action ballpoint pen that comes with a softgrip lacquered surface. The tip of the pen is brass satin chrome and the clip of the pen is spring steel satin chrome. Available in classic shades, this pen is high in performance and class. The soft grip provides enough cushioning while writing.

Code :HK346 41038

Printing Technique : Pad Printing, Screen Printing, UV Printing, Laser Marking

A twist-action ballpoint pen that comes with a brass gold-coloured tip, an ABS body and a spring steel gold-plated clip. An elegant design, high functionality and smooth writing make this pen a favourite. The highlight of the model series is undoubtedly the clip that is firmly anchored in the upper part, which is considered almost "unbreakable", especially in the metal version. It also comes with a big area for advertising.

Code :HK346 53575

Printing Technique : Pad Printing, Screen Printing, UV Printing

A special pen that comes mounted on a plateau-like stand attached with a cord that ensures the pen stays in place. A high-functioning pen that provides ample of space for advertising including the mounting stand and the barrel of the pen. It comes with a unique fixing technology that allows the pen to stay sturdy. This is a pen high in quality, looks and function.

Code :HK346 41177

Printing Technique : Pad Printing, Screen Printing, UV Printing

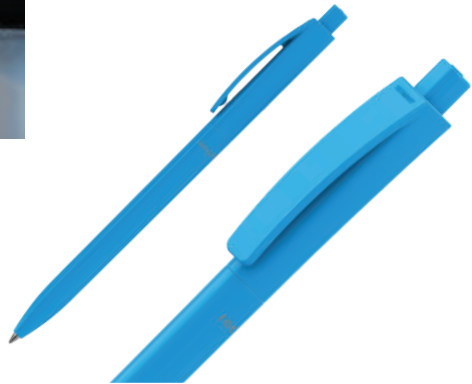

A twist action ball-point pen that has a frosted ABS barrel. The upper barrel is also ABS with a mix of matt and shiny surfaces and the tip is a brass satin chrome. Its discreet upper part blends harmoniously into the clip made of plastic or metal and gives the writing instrument a pleasant lightness. The special mix of matt and shiny surfaces creates exciting visual and tactile effects.

Code :HK346 42204

Printing Technique : Pad Printing, Screen Printing, UV Printing

A retractable ballpoint pen with a barrel, upper barrel and push button made of high gloss and recycle plastic. Characterised by its modern design the cylindrical barrel merges into a cuboid clip top and is completed by an angular push-button. The mechanism along with the body of this pen is made with recycled material. The barrel as well as the clip both provide sufficient branding space.

Code :HK346 441270

Printing Technique : Pad Printing, Screen Printing, UV Printing, Laser Marking

A retractable ballpoint pen that has a barrel, upper barrel and push button made of ABS plastic, brass nickel-plated tip and spring steel nickel-plated clip. Its compact yet shiny design is sure to impress. Provide a spacious area for advertising purposes.
